

August 31, 2023

Oregon GCSA Board of Directors,

I am writing this letter of recommendation for Bryce Wolfe. This is Mr. Wolfes first season working at Awbrey Glen and I have been very impressed with his character and work ethic. Bryce reached out to me last winter and let me know he was moving to Central Oregon and looking to continue working in the golf industry. Bryce was highly recommended by the Superintendent at Gold Mountain Golf Club in Bremerton, Washington. From his first day, I was impressed with his knowledge in golf maintenance and his appreciation for the game of golf. During the season, Bryce has performed various tasks around the course and has done so to perfection. Bryce is an ideal employee for our golf maintenance department because he is punctual, a team player and truly cares about his work.

If there is one thing Bryce is lacking, it is professional education in Turf Management. He has shown me that golf maintenance is his passion, and he would like to make a career in the industry. Bryce is an individual who would benefit immensely from the PACE Course Scholarship. I have been talking with him about how two other Awbrey Glen employees have completed the OSU Turf Management PACE Course and the great education they received. I have hired numerous employees at Awbrey Glen, but Bryce is the first one I can see having a long career in the golf maintenance industry. The industry needs more people like Bryce that have a passion for golf maintenance and a desire to further their career.

Feel free to contact me if you require additional information on this fantastic employee.

Sincerely,

Kyle Watt  
Golf Course Superintendent Awbrey Glen Golf Club
